CDA seeking student interns in various disciplines

The City of Chicago Department of Aviation (CDA) is looking for Student Interns in various disciplines. These are paid positions.

Candidates must be a student in good academic standing currently enrolled in an accredited college, university, or law school OR a student in good academic standing currently enrolled in an accredited business or data processing/information technology school, with a minimum cumulative grade point average of 2.5 on a 4.0 grading scale or a 3.5 on a 5.0 grading scale.

Students in all disciplines are encouraged to apply but preference will be given to students majoring in the following disciplines:

- Finance/Accounting
- Marketing/Media Relations
- Human Resources
- Contracts/Procurement
- Information Technology
- Design & Construction
- Facilities
- O'Hare/Midway Operations
- Safety/Security
- Intergovernmental Affairs

Applicants must be actual residents of the City of Chicago. Proof of residency will be required at the time of application.

For more information, including how to apply, please view the Notices of Job Opportunity for Student Intern at www.flychicago.com/

The Chicago Department of Aviation (CDA) is self-supporting, using no local or state tax dollars for operations or capital improvements at O'Hare and Midway International airports. Together, Chicago's airports generate more than \$45 billion in annual economic activity and create 540,000 jobs for the region. Please visit www.flychicago.com to learn more about the Chicago Department of Aviation.

The CDA continues to incorporate and expand sustainable initiatives for airport planning, operations and maintenance, concessions and tenants in accordance with the CDA Sustainable Airport Manual (SAM), released in August 2009. To view case studies, lessons learned and new technologies, and for more information on the SAM, please visit www.airportgoinggreen.org.

The O'Hare Modernization Program (OMP), introduced by Mayor Richard M. Daley in June 2001, transforms O'Hare's airfield from an outdated system of intersecting runways into a modern parallel runway configuration. The program will reduce overall delays at the Airport by 79 percent, and bad weather delays by 95 percent. It will create 195,000 new jobs and \$18 billion in additional economic activity each year. Please visit www.oharemodernization.org to learn more about the OMP.
