3rd Annual Airports Going Green Conference**
Chicago, IL - November 15-17, 2010, Registration is now OPEN

Registration is now open for the much anticipated Chicago Department of Aviation (CDA) and American Association of Airport Executives (AAAE) third annual Airports Going Green Conference on November 15-17, 2010, at the Doubletree Hotel Chicago Magnificent Mile in Chicago, Illinois.

Register at: <http://www.aaae.org/meetings>

Join the Movement!

www.airportsgoinggreen.org

Hear from airport CEOs and aviation sustainability leaders as they present national and international airport case studies, airline sustainability programs, emerging technologies, renewable energy and alternative fuels, waste and recycling initiatives, as well as media perspectives on sustainability in the industry.

The conference will also provide attendees access to the US Green Building Council's "GreenBuild" conference exhibitor hall where thousands of sustainable products, services, and examples will be displayed, followed by an airport tour of O'Hare Modernization Program construction sites and recently completed sustainability initiatives.

The Sustainable Airport Manual (SAM) version 2.0 will also be unveiled and distributed on November 15 - including three new chapters on Planning, Operations/Maintenance, and Concessions/Tenants for airports.

For more information visit www.airportsgoinggreen.org

Program information, exhibit and sponsorship opportunities are still available please contact: Leslie Riegle, AAAE, at (703) 824-0504, Ext. 203 or leslie.riegle@aaae.org

Questions regarding the conference please contact: Ted Woosley at 773-462-7334 or twoosley@landrum-brown.com or Gene Peters at 773-462-7333 or epeters@ricondo.com

~ ~ ~ ~

The Chicago Department of Aviation (CDA) is self-supporting, using no local or state tax dollars for operations or capital improvements at O'Hare and Midway International airports. Together, Chicago's airports generate more than \$45 billion in annual economic activity and create 540,000 jobs for the region. Please visit www.flychicago.com to learn more about the Chicago Department of Aviation.

The CDA continues to incorporate and expand sustainable initiatives for airport planning, operations and maintenance, concessions and tenants in accordance with the CDA Sustainable Airport Manual (SAM), released in August 2009. To view case studies, lessons learned and new technologies, and for more information on the SAM, please visit www.airportsgoinggreen.org.

The O'Hare Modernization Program (OMP), introduced by Mayor Richard M. Daley in June 2001, transforms O'Hare's airfield from an outdated system of intersecting runways into a modern parallel runway configuration. The program will reduce overall delays at the Airport by 79 percent, and bad weather delays by 95 percent. It will create 195,000 new jobs and \$18 billion in additional economic activity each year. Please visit www.oharemodernization.org to learn more about the OMP.
